SKILLS

- C , Cpp
- Java , SQL
- HTML and CSS
- BootStrap and Java Script
- React Js and MongoDB

PROJECTS

● Capstone Project

Late Comers   April 3rd - April 8th

Designed and developed a Full-Stack project called 'Monitoring with Late Comers', which involved creating a user-friendly and efficient system for tracking and monitoring latecomers to events and meetings. Utilized HTML, CSS, JavaScript, React, Node.js, and MongoDB to develop a real-time system that could handle large amounts of data. Received a participation certificate for my contributions to the project.

- Output: I got the similar output to the reference web page I have taken and better than the previous I did

● Capstone Reference Project   Aug 29trh - Sep 1st

Tourism Website

This is all about the tourist places around the world and the costs to spend and trvel guids it was done by using HTML , CSS and Bootstrap.

- Output: i have got the output similar to that reference website

EDUCATION

● Aditya Engineering College   2020 - 2024
